Legislation and Reports Guiding the PROMISE Program

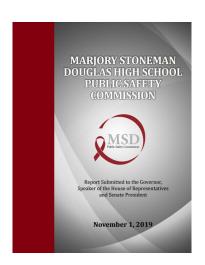

<u>Title XLVIII</u> <u>Chapter 1006</u> <u>View Entire Chapter</u> EARLY LEARNING-20 EDUCATION CODE SUPPORT FOR LEARNING

1006.13 Policy of zero tolerance for crime and victimization.—

(1) District school boards shall promote a safe and supportive learning environment in schools by protecting students and staff from conduct that poses a threat to school safety. A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies may not be rigorously applied to petty acts of misconduct. Zero-tolerance policies must apply equally to all students regardless of their economic status, race, or disability.

Additional Revisions to PROMISE Program Since 2019

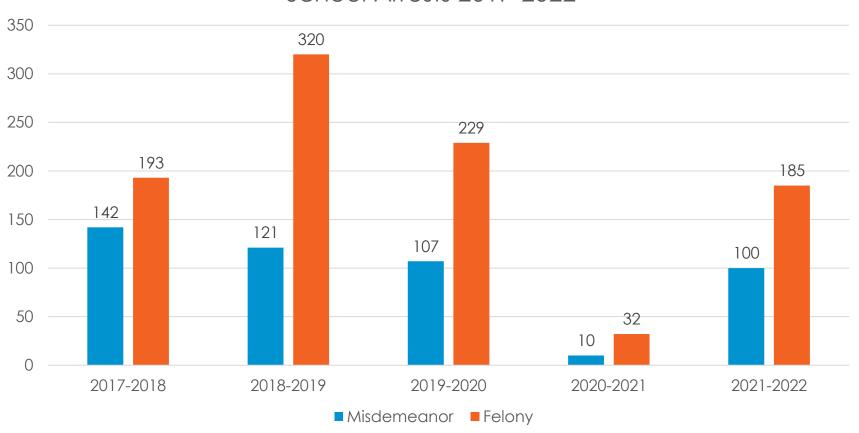

- Requirement for follow-up and notification of noncompliance to the state attorney's office.
- Limitation on the maximum number of referrals for eligibility to participate in a prearrest diversion program.
- Requirement for diversion program referrals to be cumulative and eliminate a "reset" each school year for offenses counted for diversion programs.
- Requirement that all prearrest diversion programs report data to DJJ in Prevention
 Web or another common database in an effort to eliminate information silos.
- Specify that nothing in the criteria shall limit a law enforcement officer from making an arrest or interfere with law enforcement officer's authority to enforce the law. Law enforcement shall retain discretion to decide if an arrest should be made.

The above-mentioned changes were driven by State statute and/or recommendations of the MSD Commission or Statewide Audit of Prearrest Diversion programs.
